

EC CERTIFICATION MARCH 2013

THESE OVENS OBTAINED EC CERTIFICATION ON FOOD SAFETY STANDARDS FOR EQUIPMENT DESIGNED TO BE IN CONTACT WITH FOOD. THESE READY-TO-USE CLAY OVENS MEET THE STRICT CRITERIA OF FOOD SAFETY, DEFINED BY EUROPEAN STANDARDS (EC 1935/2004 AND 2003/2006).

THIS IS ALSO GOOD NEWS FOR PROFESSIONAL USERS SUBJECT TO INSPECTION BY THE HEALTH AUTHORITIES BECAUSE IT IS DIFFICULT TO FIND SOLUTIONS THAT MEET THESE STANDARDS IN THE BRANCH OF TRADITIONAL WOOD OVENS.
